

Gator Sorbents

Absorbent products engineered for safe, fast and economical spill control.

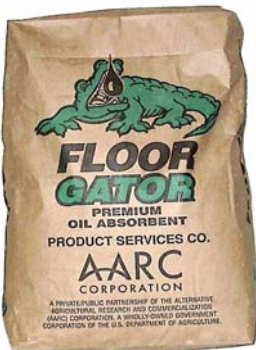

OIL GATOR® – Natures Way to Bioremediate Hydrocarbons

Oil Gator® is an “ALL NATURAL” biocatalyst.

Oil Gator® does not contain any manmade, cultured or genetically altered micro-organisms.

Oil Gator® is a USA patented product containing all the natural ingredients necessary to accelerate the indigenous microbes so they will rapidly degrade unwanted hydrocarbons into harmless carbon dioxide and water.

No harm will ever be done to the environment by the use of Oil Gator®.

FLOOR GATOR® – Premium Floor Absorbent

Floor Gator® is made from recycled manufacture or post consumer materials.

Floor Gator® will absorb up to 6 times its own weight.

Floor Gator® encapsulates, suppresses vapors and eliminates residue left over by other absorbents.

Floor Gator® can be reused until fully saturated and can then be incinerated with less than 3% ash residue.

CELL-U-SORB® – For Spills on Water

Cell-U-Sorb® is a 100% cellulose based hydrocarbon absorbent.

Cell-U-Sorb® is manufactured from recycled raw materials.

Cell-U-Sorb® will selectively absorb hydrocarbons from the surface of water while absorbing trace amounts of water for a cleaner surface (less sheen).

Cell-U-Sorb® will absorb up to 18.9 times its own weight in hydrocarbons and can be incinerated with less than 3% ash.

Cell-U-Sorb® can also be mixed with Oil Gator® and composted.
